cycle to work
encouraging employees to leave their car at home

Delivered in partnership with halfords

A guide for employers
Welcome to Cycle to Work

Cycle to Work is one of the UK’s fastest growing and most sought after employee benefits. Cycle to Work schemes allow your employees to make savings on a brand new bike and permitted accessories. Savings are made through a tax exemption as part of the Government’s Cycle to Work initiative which supports The Midcounties Co-operative’s commitment to promote healthy living and reduce pollution. More and more employers are adding it to their benefits portfolio and enjoying the significant advantages it brings to everyone.

How the scheme works

Co-operative Flexible Benefits’ Cycle to Work scheme is offered in partnership with Halfords. Halfords has invested heavily to ensure the scheme is fully HMRC compliant, and we have also been independently audited by KPMG for additional reassurance. We commit to communicate any changes in legislation to you, and evolve our systems and processes to minimise the potential impact on you and your employees.

Cycle to Work schemes are usually implemented via a salary sacrifice arrangement whereby employees agree to a regular reduction from gross salary to cover the cost of the benefit, therefore making tax and National Insurance savings. Bikes and safety accessories are initially purchased by you and then leased back to the employee over a fixed hire term, usually 12 or 18 months.

The tax exemption only applies where the employee is using the bike mainly for commuting to work (mainly is generally accepted as at least 50% of the bike’s use). This can include part journeys such as travelling to or from a railway station during a commute.

Your employees may obtain a bike and/or safety accessories up to a value of £1,000 without the need for you to have any special permission or license, as it is covered by a central license held by the Office of Fair Trading.

What happens at the end of the hire period?

At the end of the hire term you have the option to transfer ownership of the bike to the employee for its ‘fair market value’. There are a number of HMRC-approved methods of managing this process, on which we can advise and guide you.

Simple to administer

Cycle to Work is easy to set up and manage on our website and what’s more, it is free for your organisation. There are no administration charges or set up fees and your first election window could be open in a matter of days!

Your Regional Account Manager will provide ongoing support, free marketing materials and documentation as required. We will also support you with on-site roadshows, employee presentations or other promotional activity to increase employee awareness.

Our freephone Helpdesk is available to answer all employer and employee queries. Tel: 0800 458 7929

**Assumes 20% Tax Rate    ***Assumes 12% Employee NIC Rate    ****Assumes 40% Tax Rate     ***** Assumes 2% Employee NIC Rate
The bike will remain your property during the hire term. At the end of the hire term, you may offer your employee the opportunity to buy the bike for ‘fair market value’.

What is the hire term?

Cycle to Work schemes are usually implemented via a salary sacrifice arrangement whereby employees agree to a regular reduction from gross salary to cover the cost of the benefit, therefore making tax and National Insurance savings. The hire term is usually 12 or 18 months.
Cycle to Work - benefits for your organisation

• **Employee wellbeing.** Your employees will be fitter, healthier, have more energy and you’ll get more value from them by lifting their morale, and reducing absenteeism.

• **Social responsibility.** Adding Cycle to Work to your environmental policies will demonstrate your commitment to reducing your carbon footprint, and supporting the green agenda.

• **National Insurance savings.** You do not pay employer’s NI contributions on the value sacrificed by employees; the overall savings can be significant.

• **Reduced demand for on-site parking.** Parking is a major issue for most workplaces, so reducing demand will be appreciated by all.

Cycle to Work - benefits for your employees

• **Significant savings.** Employees can make substantial savings on the cost of a new bike and safety accessories, including child seats.

• **Further savings.** Employees are able to take advantage of any in-store promotions, making their savings go further.

• **Even further savings.** Cycling to work could save employees money on fuel, public transport, congestion charges, parking or possibly even cancelled gym membership!

• **Wide range of bikes.** The widest range of top brand bikes and accessories are available locally from their nearest Halfords store.

7 Easy steps...

1. **Employer Registration**
   Contact your Regional Account Manager to discuss your requirements or call our Helpdesk team on 0800 458 7929. We will then set up a bespoke scheme based on your needs.

2. **Promotion**
   We’ll help you spread the word, delivering a free marketing campaign that suits your business. To ensure your Cycle to Work scheme makes an impact with your employees, we recommend that you run schemes on an election window basis (eg once or twice a year) with scheme enrolment lasting for 2-4 weeks.

3. **Product Selection**
   Employees sign up to the scheme online and using their unique log-in details decide how much they want to spend on a new bike (to a maximum value of £1,000).

4. **Application**
   Employees use our secure website to order a Letter of Collection (LoC) for their chosen amount to cover the value of the bike and safety accessories they require. The employee then completes a Hire Agreement, which is passed to your Human Resources team for approval.

5. **Collection**
   Letters of Collection are issued by Halfords within a week of the closure of your election window. Employees redeem their LoC at their local Halfords store for their chosen bike and accessories. 97% of the population lives within 30 minutes of a Halfords store (460+ stores nationwide open every day of the year except Christmas Day). Every bike is collected in ready-to-ride condition - assembled, safety checked* and fitted to the rider by Cytech trained Halfords staff - the nationally recognised cycle industry accreditation.

6. **Reconciliation**
   Co-operative Flexible Benefits will invoice you at the same time as the LoCs are issued to your employees. Our system provides the information your payroll team requires to make the appropriate salary reductions.

7. **Transfer of Ownership**
   At the end of the hire term, employees may be given the opportunity to buy the bike for a fair market value. Co-operative Flexible Benefits can support this process.
